Prof. Boas Writes In Fact:

IN a recent release Prof Gregory Mason of New York University tries to defend the America First Committee against the charges of anti-Semitism by pointing out the hypocrisy of those opposed to the Committee, who talk about tolerance but, in their social life, practice anti-Semitism by excluding Jews from clubs, preventing them from living in exclusive communities and by declining them opportunities for work. His charge is just and we need a thorough house-cleaning in this subject. However, it has no bearing upon the issue. America First has the support of all the political groups that preach intolerance against Jews, Italians, Negroes; of the KuKlux-Klan, the Silver Shirts and their ilk. In New York the Riverside anti-Semitic drive has turned to become an America First group. In other words, if America First and their friends should win we shall see the most savage hatreds and race riots sweeping the country. Then talk will become organized action. Columbia University, Oct 30 1941. (signed) Franz Boas.

Hitler's "Jewish Blood"

NO less an authority than Fritz Thyssen, the man who bought and paid for the Nazi party, from 1923 to 1933, gives credence to the rumor that Hitler is partly Jewish.

Every official trace of evidence concerning Hitler's ancestry has now disappeared. It has been destroyed by order, just as were Mussolini's police record in Italy and his record for forgery in Switzerland (as well as his political arrests). However, Thyssen writes: "According to the published records, Hitler's grandmother had an illegitimate son, and his son was to become the father of Germany's present leader." An inquiry by Chancellor Dollfuss of Austria "disclosed that the Fuehrer's grandmother became pregnant during her employment as a servant in a Viennese family . . . none other than that of Baron Rothschild." Thyssen insists that Hitler learned of this document and that it was one of the reasons for the murder of Dollfuss. Thyssen believes the British secret service has a copy. The original he says Hitler got from Chancellor Schuschnigg.

The foregoing statements are from Thyssen's amazing book, "I Paid Hitler" (Farrar & Rinehart, NYC, \$2.75). The best part of this volume details the financing of Hitlerism by German and American industry and bankers. IN FACT recommends this book, a real inside story of Naziism).

The 16-Hour Day

THE action of Pres Roosevelt's fact-finding board in recommending that

Lindbergh's Race, Blood and Color Lie p. 1

International Bankers Favor Nazis, Fascists p. 3

LINDBERGH'S three major Hitlerite lies which he has spread throughout America are that the Jews of America own or control the press; that the Nazis, especially in the air, are invincible and therefore no one can fight them; that there is such a thing as Aryan or white supremacy, or blood, race and color supremacy.

In last week's issue IN FACT presented a small part of the factual evidence and documentaton which proves that Lindbergh repeated Nazi falsehood rather than fact on the first two subjects.

Important confirmation regarding the Russian air force—which Lindbergh told the Cliveden Set was useless—was given the night of Nov 6 to the American Legion by W Averill Harriman, member of the mission recently returned from Russia. Harriman found there are today American aviators assisting in assembling American planes on Russian fighting air bases. These American aviators testified that the Russian aviators besides displaying the finest morale and a record for bravery are also remarkably efficient in taking over American planes and using them.

No one facing the factual evidence can doubt that Lindbergh repeated Hitler-Coughlin-Fascist lies regarding Russia.

3. THE RACE, BLOOD AND COLOR LIE

Regarding the myth of superiority of blood, race or color, the ancient saying that "a lie can travel half way round the world while truth is putting on her shoes," also holds. The men whose writings Hitler and Lindbergh have adopted are not scientists; they are: Houston Chamberlain, a renegade Englishman who worked for the Kaiser in the first World War; the Count de Gobineau, a fiction writer; Madison Grant and Lothrop Stoddard, two American journalists whose writings are absolutely without scientific backing. German scientists since the coming of Hitler and Italian scientists of the past two years, have on orders revised their views. But free scientists have denounced as lies, frauds and myths the entire output of the race, blood and color superiority propagandists.

Lindbergh's adaptation of the Hitler-Mussolini Nordic myth is expressed by him in his article, "Aviation, Geography, and Race" (Readers Digest, Nov 1939) in which he says:

"Aviation . . . is a tool specially shaped for Western hands, a scientific art which others only copy in a mediocre fashion, another barrier between the teeming millions of Asia and the Grecian inheritance of Europe—one of the priceless possessions which permit the White race to live at all in a pressing sea of Yellow, Black, and Brown. . . .

"While we stand poised for battle, Oriental guns are turning westward, Asia presses towards us on the Russian border, all foreign races stir restlessly. It is time to turn from our quarrels and to build our white ramparts again. . . .

"Our civilization depends on a united strength among ourselves; on a strength too great for foreign armies to challenge; on a Western wall of race and arms which can hold back either a Genghis Khan or the infiltration of inferior blood; on an English fleet, a German airforce, a French army, an American nation, standing together as guardians of our common heritage, sharing strength, dividing influence. . . .

"We can have peace and security only so long as we band together to preserve that most priceless possession, our inheritance of European blood, only so long as we guard ourselves against attack by foreign armies and dilution by foreign races."

Science Answers Nonsense

This is the stuff that Hitler's Rosenberg wrote and Hitler and Hess adapted in Mein Kampf. But scientists before and after this publication have united in showing up this nonsense and falsehood.

In August 1934 the Congress of Anthropological and Ethnological Sciences discussed racial theories and political action. Sir Grafton Elliot Smith, J B S Haldane, Professor of Genetics in the University of London, and scientists from many parts of the world, united in showing scientifically that the Hitler theory,

now propagated by Lindbergh, was a total falsehood. One of the most interesting statements was that of Prof Haldane from which the following is a quotation:

"Whatever innate differences in ability may exist between races, they are clearly of an overlapping type.

"If South African Negroes are ever afforded equal cultural opportunities with Whites, it may be found that a smaller proportion of them can reach a given standard, but it is already certain that some Negroes can reach higher cultural levels than most of the Whites.

"The doctrine of the equality of man, although clearly untrue as generally stated, has this much truth: that on a knowledge of their ancestry we cannot yet say one man will and another will not be capable of reaching a given cultural standard.

"The so-called races within Europe have a much more dubious status. In respect to physical characters, they overlap to a considerable extent. Any population may be 'racially homogeneous' in the sense that its genes have been thoroughly mixed by random mating, but there is no reason to believe such population differ in any but a statistical sense—the same genes being found throughout, though in different proportions.

"Within such a population a man of a given type—for example, a 'Nordic' with a long head, blond hair and blue eyes, is no more likely to have a high proportion of Scandinavian ancestry than a relative not possessing those characters. Nor is it possible in the present state of our knowledge to determine the proportions of ancestry in a given population which belonged to various hypothetical races in the past."

Nations Not Racial Units

The European race theory was studied by two noted scientists, Julian S Huxley and A C Haddon. In reviewing their work ("We Europeans," Harper & Bros, \$2.50) H S Jennings, professor at Johns Hopkins, states:

"The keystone of modern genetics is the gene. Genes are substances present in small amounts which are precisely located in certain structures (chromosomes) of every cell in the body and are transmitted from parent to offspring....

"Apparently man developed in early times by alteration of some of his genes ... some three or four or five geographical varieties ... the white, black, yellow and brown varieties. ...

"Almost, or quite from the beginning of differentiation, these different varieties began to intermingle; to exchange genes; so that it is doubtful if any human group now represents any one of these varieties in 'pure' condition—without admixture of genes from another. Whether the genes of these different primary varieties differ in their capabilities for mental and cultural development has never been demonstrated.

"In Europe ... they have exchanged genes to such an extent that it is doubtful whether there exist any 'pure' representatives of any of them. Every nation in Europe is an inextricable mixture of the genes of these secondary varieties ... In Germany Nordics and Alpines are intermixed. ...

"These conditions apply to Jews as well as to existing nations. The Jews are shown both in history and by anthropological evidence to be a much mixed group, carrying genes from many diverse sources."

There is no evidence, the scientists find, that the chief European groups differ in cultural capabilities; "the nations of the present time are not racial units."

Science Couldn't Catch Up with Lie

The eminent scientist, Prof Franz Boas of Columbia, says there is no Aryan people or race, there is only an Aryan language. ... It is fiction to speak of a German race. ... The East German is close to his Polish neighbor. There is no more a Semitic than there is an Aryan race, since both terms define linguistic groups, not human beings. ... In some cases the Tyrolese (Hitler folks) and the Armenoid (Jews) can hardly be distinguished with certainty.

The word "Aryan" dates from 1794 when Sir Wm Jones introduced the word "Arya" for people who spoke one of the Indo-European languages. Prof Max Mueller, German professor of Philosophy at Oxford, in 1853 promulgated the theory that Aryan languages must have originated with an Aryan race. Many Germans leaped upon this idea to boast of a superior Aryan German people. By 1888 Prof Mueller, who was a scientist and therefore openminded, confessed his error. He wrote:

"I have declared again and again that if I say Aryan I mean neither blood nor bones nor hair nor skull; I mean simply those who speak an Aryan language ... To me an ethnologist who speaks of Aryan race, Aryan blood, Aryan eyes and hair, is as great a sinner as a linguist who speaks of a dolichocephalic dictionary or a brachycephalic grammar."

Prof Mueller protested for years, but nothing could stop the falsehood. Again it was proven that a lie can travel half way round the world while truth is putting on her shoes. It also proves that whereas the quest for knowledge and scientific truth produces great enlightenment, and this truth is placed in books and kept in libraries, it does not prevail against something like a Goebbels propaganda machine when a cog as famous as Lindbergh is placed in it. Readers will find every scientific book denies the Hitler-Lindbergh myth, and that its only supporters are crackpots, fiction writers, and hired journalists.

If Lindbergh, as his friends who write letters to IN FACT state, is not a

railroad wages be raised only 7½ to 12½% came as a bitter disappointment to railroad workers, who had expected about 15%. The railroad unions presented a brilliant case for 30% raises for operating brotherhoods and 30c hourly advances for the non-operating unions. Wages and working conditions are in some cases almost incredible. As one conductor in passenger service summed it up:

"The public has been carefully led to believe that railroad men have good pay, easy work and steady employment. The only thing true about that is the steady employment. Here's my schedule: I leave home at 5 in the afternoon, start work at 6, finish at 8 the next morning and get home at 9. I'm on the job 13 hours and 56 minutes every day, seven days a week, with no holidays and no vacation. I'm away from home 16 hours out of every 24. And for that, mister, I get a few cents better than \$40 a week."

Officials of Dining Car Employees Union (AFL) inform IN FACT that in order to put in 240 hours of work a month their members are frequently away from home as many as 500 hours a month, due to layovers. Also that the 36 cents an hour minimum wage is chiseled down by "maintenance" charges, leaving the workers something like \$75 a month.

Sues "Life" for \$200,000

A \$200,000 libel suit was filed against Life magazine Nov 6 by Business Manager Harry Van Arsdale of Local 3, Intl. Bro. of Electrical Workers (AFL). The suit resulted from publication in Oct 27 issue of a "rogues' gallery" of 12 labor leaders, including George Scalise, Willie Bioff and others. One picture showed Van Arsdale above the caption, "... shot two union men in 1933, was convicted but went free at second trial." Van Arsdale has been a victim of a smear by Westbrook Pegler.

Electrical Union World Nov 5 points out that there were five errors in the caption of 21 words. Van Arsdale's conviction of using a gun during a free-for-all at union headquarters several years ago was upset by a 4 to 1 verdict of the appeals court, and the indictment was then dismissed. Several leading prosecution witnesses signed affidavits admitting their testimony was false. Both Pegler and Life are anti-labor.

Harvey's Knife Slips

ONE of the best features of the NY elections for liberals was the defeat of George U Harvey, reactionary borough president of Queens. Harvey, a Republican, tried hard to knife Mayor LaGuardia, who had Republican, Fusion and American Labor Party support (IN FACT, Nov 10). He succeeded in getting a lot of votes for Tammany, and LaGuardia lost Queens. But people don't split tickets, and the same votes for Tammany that lost LaGuardia the borough also lost Harvey his borough presidency to the Democratic candidate, James A Burke.

Harvey has been exposed frequently as the perfect type of native fascist. Unfortunately the winner, Burke, is apparently just another politician. "George is all right," he said of Harvey; "I have no quarrel with him. Personally, I think he's swell."

The really important thing in the NYC election was the great vote of the American Labor Party. Without it, La-

Guardia would have lost by 300,000 votes; with it he won by 130,000.

The Labor Party (which includes liberals, professional men as well as union men) holds the balance of power. It is now fully established as a real political power.

More Fascists Defeated

HARVEY was not the only Fascist defeated. In Boston M J Tobin was re-elected mayor. His opponent, James M Curley, had not only endorsed Mussolini and Fascism, but publicly drank a toast to the Duce.

Labor Party's 7,000 votes for J J Kelley re-elected Buffalo mayor by 4,000.

Paul Rao, candidate for Supreme Court in NY, was defeated. This lawyer was declared unfit by several bar associations, nevertheless he ran on the Tammany ticket. Rao has been allied to the Mussolini element in the Italian colony. Nevertheless he got excellent advertising over station WEVD. One announcement said: "Paul Rao has combatted every Ism except Americanism." The truth is Rao has been a defender of Fascism.

As IN FACT was first to publish, the racial and religious issue was important in the NYC election. Gov Lehman said "the injection of racial and religious issues is always vicious. It is particularly contemptible in this campaign." Gov Lehman spoke for O'Dwyer, who was backed by the Christian Front Coughlinites, Christian Mobilizers, and other native Fascisti. In Gov Lehman's last campaign these same elements were opposed to him and likewise engaged in the most vicious anti-Semitic campaign. Politics still makes strange bedfellows.

The dirtiest journalistic trick of the campaign was perpetrated by Roy Howard's World-Telegram. It remained silent while Democrats made election issue of a LaGuardia letter. Day after election W-T disclosed that letter was addressed to one of its reporters, and issue had been settled. Had it published this fact earlier it would have prevented opposition from harming LaGuardia, whom W-T was supposed to support.

Radio News Suppressed

FOR several months IN FACT has had complaints from readers who own powerful radio receiving sets that certain expensive broadcasts from foreign capitals, notably Moscow and Kuibishev, have not been relayed to the American public. If amateurs can hear these broadcasts certainly National Broadcasting Co can. Here are two typical letters:

Radio Center, Moscow was on the air today from 6pm to 8pm EST. Signal in San Francisco was S-7 to S-9 and quite intelligible. At 7:15 pm Kuibishev (apparently by remote pick

pro-Nazi, it is very easy for him to say so and to prove it by action. The following open letter to Lindbergh is a fair challenge. A similar challenge was made to Wendell Willkie by IN FACT when Coughlin and other anti-Semites endorsed him and he immediately repudiated them and Social Justice, naming them by name. On the other hand William O'Dwyer, known to be a fair, honest and liberal man and a hater of Coughlin, Naziism, and anti-Semitism, was challenged by IN FACT (and later by other publications) to repudiate the support he got from Christian Front hoodlums and other anti-Semites in the NYC mayoralty campaign. He chose to remain silent, outside a straddling statement, and he lost the election. Here is the challenge Lindbergh can accept and thereby repudiate the previous factual evidence of Hitlerism. It is written by L M Birkhead, national director, Friends of Democracy, Fidelity Bld'g, Kansas City, Missouri; it is the concluding page of the pamphlet "Is Lindbergh a Nazi?":

Fair Challenge to Lindbergh

"Dear Mr. Lindbergh: On the basis of the evidence presented in this pamphlet we are forced to believe that you accept Hitler's 'New Order' as the future pattern of the world. Moreover, the evidence indicates that you are attempting to extend the 'New Order' to the U S.

"If it is not true that you are working toward a Hitlerized world, you are the victim of the most gigantic coincidence in the history of the world, for in your speeches and writings you have repeated almost word for word the Nazi propaganda line.

"So great has been the coincidence, if it is coincidence, that you have fooled a majority of American Nazis. They look upon you as their 'leader'.

"If you are the victim of a coincidence, and if you wish to clear up the matter, once and for all, you must do these things:

1. Return your Nazi decoration to Hitler.
2. Repudiate Naziism as forthrightly as you have condemned Communism.
3. Condemn Nazi aggression.
4. Disavow the support of those American Nazis who have declared you to be their 'leader'.
5. Insist that the America First Committee, under whose auspices you speak, dissociate itself from the pro-Nazi, anti-Semitic elements which make up a large part of its membership.
6. Repudiate as Nazi propaganda all theories of racial or 'Aryan' supremacy.
7. Declare anti-Semitism to be a Nazi propaganda trick, a device of power politics.
8. Reaffirm your faith in democracy and declare your willingness to fight for its preservation.

"In order to counteract the effects of the extensive distribution of your speeches and writings by Nazi propagandists, and their repeated assertion that you are in agreement with them, you must see to it that your repudiation of Naziism is widely publicized. Otherwise your name will continue to be used to sell an un-American, anti-democratic ideology. No single American must be left in doubt concerning your choice between democracy and Naziism.

"If you do not see fit to speak, Mr Lindbergh, your silence will testify that you are, indeed, a disciple of Hitlerism."

INTERNATIONAL BANKERS ARE FOR FASCISM

ANOTHER colossal Hitlerian lie which Goebbels, Coughlin and other falsifiers of fact have spread for decades is the charge the international bankers are Jews. Curiously enough it was one of the leading America Firsters, Senator Nye, who proved conclusively who the international bankers were and what part they had in bringing America into the World War. Nye proved it was the House of Morgan which must take most of the blame.

Nye's partner in America First leadership, Sen Wheeler, made a speech (March 3 radio address) in which he said: "Now we find these same international bankers . . . with the Sassoons of the Orient and the Rothschilds and Warburgs of Europe in another theme song . . . 'Our investments in India, Africa and Europe must be preserved.'"

Wheeler apologized. "I have repeatedly called attention to . . . the Morgans and the Chase and other international bankers and particularly Tom Lamont . . ." he said in his apology. Nevertheless the listing of Jewish names was heard throughout the nation, the apology appeared in a small Jewish newspaper.

Every intelligent person knows that the bankers are bankers, that their object is to make money, and that "race," religion, "blood," nationality, patriotism, etc, etc, has never interfered with international or national banking. The fact that the House of Morgan permits no Jewish partner and is run by an Episcopalian does not indicate an "Episcopalian plot" in the First World War to anyone but crackpots. And because there was money in it, Zacharoff, a Greek, who was incidentally a director of the Chase National Bank, armed Turkey to fight Greece. (The love of money is the root of all evil.)

The Jewish bankers are no better and no worse than the Episcopalian bankers or the Catholic bankers or the Mohammedan bankers.

For a long time several Jewish bankers dealt with Hitler and the Nazis. They said anti-Semitism was all right because it was directed against the poor, the refugees, the Jewish workingmen, not the rich bankers. They showed

no "race" or "blood" ties with the poor. To this day a Jewish banker works for Hitler. (Baron Max von Oppenheim, who said that Hitler was fighting only Bolshevism, that nice people need not be afraid of him. Hitler has raised Baron Max to Honorary Aryan status.—Time, June 16 1941). Banker Guiseppi Toeplitz of Milan collected the funds which paid for Mussolini's blackshirt army and put the Duce in power. He too was a Jew.

American International Bankers Listed

For the sake of the factual record, here is a list of the leading American international bankers and the money they have out in international loans:

J P Morgan & Co. ...	\$1,514,000,000	Hallgarten & Co	194,400,000
National City Bank ..	892,000,000	Brown Bros, Harriman	190,100,000
Dillon, Read & Co ...	872,000,000	J & W Seligman	118,900,000
Chase, Harris, Forbes.	643,900,000	White Weld & Co	88,300,000
Guaranty Trust	509,000,000	Bankers Trust	78,500,000
Bancamerica-Blair ..	471,500,000	First of Boston Corp .	55,400,000
Lee, Higginson	322,000,000	Halsey Stuart & Co .	30,000,000
Kuhn, Loeb & Co	220,700,000	Miscellaneous	1,212,900,000
Speyer & Co	207,000,000	A total of more than	\$7,000,000,000

Any person able to read a book can obtain Poor's Register of Directors and other financial manuals which print the facts. Poor's for example lists some 80,000 persons as directors of American corporations of whom 3,825 or 4.8% are Jews. Of the 919 members of the Stock Exchange (according to Fortune's 1936 survey) 148 were Jews; of 420 listed directors of NY Clearing House 30 were Jews. Kuhn Loeb is the only Jewish firm with any substantial international banking business, and had foreign loans outstanding March 1 1935 amounting to 2.88% of the total compared to National City's 11.71% and JP Morgan's 19.87%.

Curiously enough JP Morgan financed Mussolini. One loan amounted to \$100,000,000. On the other hand Dillon of Dillon Read, a firm consisting of Catholics and Protestants as well as Jews, financed Thyssen who in turn was the chief backer of Hitler. They also issued loans to Italian Fascist cities.

Factual evidence shows that bankers, international or whatnot, are without exception on the side of money; they always invest to make profits, and they are without exception on the reactionary or Fascist side, no matter what church, nation, "race" or "blood" they belong to. When Wheeler, Coughlin, Hitler, Goebbels and others make statements to the contrary such statements are propaganda if not plain falsehood.

WHEELER VS WHEELER

In his speech at Balboa Park, San Diego, California, under the auspices of America First, October 3, Wheeler condemned Russia for suppression of religion and oppression of the Russian people. He described the situation as regards religion as "nauseating." Any idea that there was democracy of any kind in Russia was described as "preposterous." Wheeler said that he was making these statements on the basis of his visits to Russia in 1923 and 1930. (AP dispatch, Oct. 3).

When Wheeler returned from Russia in 1923 he made the following statements:

"Standing behind the Russian government is the Red Army of 600,000, well equipped and ready to die for the present regime.

"The Russian people are not discontented with their government. I never saw people more hopeful . . . Enslaved! Why the industrial workers run industry in Russia; they control the government. It is funny to hear them called slaves. Just as funny is this talk about the government abolishing religious worship and establishing atheism and paganism. Mrs Wheeler and I attended services in a Greek Catholic Church in Petrograd one Sunday. Ten thousand were there worshipping with full freedom" (Federated Press interview, published in Plentywood, Mont, *Producers News*, June 15, 1923).

up) called NBC stating the time and informing NBC that Robt Magidoff would be at the microphone at 7:17:15. Mr Magidoff made a very interesting three minute talk in which he stated that the Russians were carrying out a policy of bleeding the Germans white. He told of the tremendous sacrifices which the Russian people were so willingly making and described the excellent morale of the workers behind the battlefront.

This broadcast was not relayed in the United States on Mr Vandercook's news roundup. That NBC received it was indicated by the broadcast of Mr Kaltenborn in which he mentioned that the first broadcast from Kuibishev to NBC had been received and he repeated a portion of Mr. Magidoff's talk.

Radio Center Moscow was on the air yesterday 10/2/41 from 6:00 to 8:00 pm EST on the 15.180 megacycle wavelength. Broadcast as heard in San Francisco was perfectly intelligible and very distinct. Signal strength was from S-7 to S-9 on my receiver with some fading in signal strength but at all times every word could be distinctly heard.

Amateurs Hear News

Radio Center called NBC at approximately 7:14 EST giving the usual time check and saying "This is Kuibishev, calling the National Broadcasting Company." At 7:16:10 Robt Magidoff gave a very interesting talk concerning military operations in Russia. This talk was not relayed in the United States by NBC. The foreign pick-ups by NBC on Nov 2nd were as follows: Wash DC, London, Vichy (instead of Moscow), NBC news room in NYC, Singapore, etc.

Before switching to the news room the NBC tried to get Germany and did succeed in making contact which was weak and not very clear although it was understandable. This was cut off after a few moments and the announcer made the statement that due to atmospheric conditions they were unable to complete their European news roundup on which they had hoped to have reports from Berlin and Kuibishev. Then the announcer read some reports from Moscow which just a short while before we had heard broadcast from the Moscow radio.

Apparently Mr Magidoff is being paid by NBC to stand around and eat caviar and the American public is fed any old tripe that happens to be on the air from Vichy or Singapore or some other forlorn spot thousands of miles away from where the Russian soldiers are fighting for their country.
